Committee Charge & Connection to Integrated Plan

- The Needs Assessment Projects (NAP) Committee coordinates or conducts projects that provide information about needs, gaps, and resources in the statewide HIV prevention & care system.
- NAP activities relate directly to the Integrated Plan objective 3.1, “Define and incorporate at least one (1) stigma and discrimination indicator(s) to add to the CHPC indicator list”. Objective 4.2, “to document the integration of HIV services with other areas of syndemic focus for inclusion in the Plan.” NAP also facilitates and conducts special projects that increase coordination of the planning groups.
